

Exile and the Kingdom

This short book presents a collection of images taken at places impossible to visit; places barred to the public, marked wrong on maps or lost to time. These places neither I nor you, the readers, will ever set our eyes on.

Each location was uploaded by unknown people to google maps as a 360 google viewpoint, existing to us only virtually. To create this book parts of these 3D spaces were screenshots, creating photographs of places that I am permanently exiled from.
